3	07/12/2013	a) Bidder Motion Industries, Inc. has met the contract's pre-qualification criteria in accordance with Section 2, Paragraph 2.6.1 under Group 1 for the provision of new and rebuilt pumps, drives, and motors (units and parts). The bidder is an authorized representative of Baldor, Dodge, Reliance, Bodine Electric, Delta Products, Emerson, Browning, Jaure, McGill, Morse, Kopflex, Rollway, Sealmaster, SKF, Timken, System Plast, Leeson Electric, Lincoln Motors, Grove Gear, Electra Gear, Marathon Electric Motors, Nord Gear, Rexnord, Link-Belt, Falk, SEW Eurodrive, Sumitomo, Nidec/U.S. Electrical Motor, WEG Electric Corp. and World Wide Electric Motors.	Jose Cardona
2	07/09/2013	1. Bidder Custom Pump & Controls, Inc. has been reinstated in the pre-qualification list under Group 1 as an authorized representative for Grundfos Paco pump products, KSB Municipal products and Myers-Pentair pump group. 2. The following bidders have met the contract's insurance requirement in accordance with Section 2, Paragraph 2.11 and are now authorized to provide repair and maintenance services in County facilities under Groups 2 & 3. b) Allapattah Electric Motors, Inc. 1. Arroyo Process Equipment, Inc.	Jose Cardona
1	06/18/2013	1. Bidder Applied Industrial Technologies is now an authorized representative for Dodge Mechanical products. 2. Bidder Carter & Verplanck, Inc. is now an authorized representative for Worthington (Flowserve) Pumps. 3. Bidder RC Beach & Associates, Inc. is now an authorized representative of Cornell Pump Co., Floway Pumps, Grundfos, Lutz-JESCO America Corp., Patterson Pump Co. and Vanton Pump & Equipment Corp. 1. Bidder Southeastern Pump is now an authorized representative of Barnes, Crown, Deming and Weinman pump products.	Jose Cardona

II. Purchasing Instructions

A. Award Description

Awarded bidders have been pre-qualified to participate in spot market purchases.

B. Quotation Directives

1) Contract Instructions (Re: ITB Paragraph 2.6)

Approved bidders will be placed on a "Pre-qualified Bidders List" on a "per group" basis, which will be accessed by the various County departments, as needed, to obtain Spot Market quotations.

Spot Market Quotations:

When a requirement is identified by a County department, pre-qualified bidders within the affected group will be invited to offer a fixed price and a firm delivery time for the specific items. The pre-qualified bidder offering the lowest fixed price on the total amount of the order shall be awarded the order, provided that the products or services proposed by the pre-qualified bidder meet the order's specifications and requirements. The award of the order to one bidder does not preclude the ability of the remaining pre-qualified bidders from submitting offers for other orders as requested by County departments.

In the best interest of the County, for items either delivered by the bidder or picked-up from the bidder by authorized County personnel, the availability of the material, geographic location, and/or delivery time may be utilized as deciding factors for the basis of an award to a bidder when it is determined by a County department that a project is time sensitive or it is an emergency situation.

AWARD SHEET SUPPLEMENT

Contract No. 6819-5/17-2 Pre-Qualification of Bidders for Pumps, Drives, and Motors:
Purchase of New and Rebuilt Units and Parts, and Repair and Maintenance Services

County departments may require specialized repairs for large motors, complex pump and motor assemblies, equipment located in sensitive or secure areas, equipment under warranty, or equipment representing a large investment of County funds. When a County department determines that a specialized repair is required, the County department may survey and evaluate the pre-qualified bidders in the affected group based on the specialized repair requirements. The department's survey may include and evaluate the following items: repair shop equipment (i.e. metalizing equipment, lathes, cranes, presses, welding equipment, milling machines, bearing heaters, pullers, baking ovens, dipping tanks, load bank for generator testing), balancing technique, testing equipment, repair shop and repair personnel use of available technology, repair shop manufacturer approved certification, repair personnel and repair shop specific experience and certifications, repair shop positive past performance, and repair personnel security clearance. The department's survey and evaluation will determine which otherwise prequalified bidders will be included in the quotation process for the specialized repair.

Group 1 Purchase of New and Rebuilt Pumps, Drives, and Motors (Units and Parts) - Departments can purchase new and rebuilt pumps, drives, and motors (units and parts) from the prequalified bidders, who are authorized distributors (s). Should the prequalified bidder(s) become a manufacturer approved, certified, or designated, agent, dealer, representative, or distributor of a manufacturer that conforms to the contract's specifications, the bidder may submit proof of their firm's designation, in accordance with Paragraph 2.6.4, for the County's evaluation and possible addition to the prequalification pool. Departments may only accept products from vendors who bid the authorized manufacturer brand(s) as indicated in the attachment entitled Contract No. 6819-5/17-1 TABLE 1.

Group 2 Pump Repair and Maintenance Services – Departments can purchase pump repair and maintenance services from the pre-qualified bidders. Those bidders whose insurance has been approved by ISD Risk Management Division may provide service on County Facilities while those that have not may provide services at their own facilities.

Group 3 Motor/Drive Repair and Maintenance Services - Departments can purchase motor/drive repair and maintenance service from the pre-qualified bidders.

Those bidders whose insurance has been approved by ISD Risk Management Division may provide service on County Facilities while those bidders that have not, may provide services at their own facilities.

2) Cone of Silence

Pursuant to Section 2-11.1(t) of the County Code, all ITQ's are subject to the Cone of Silence.

3) Preferences (Re: ITB Paragraphs 1.10 and 2.2)

The Bid Preference shall be applied first to the offers received from certified Micro/SBE bidders. A Micro/SBE bidder must be certified by the Sustainability, Planning and Economic Enhancement Department for the type of goods and/or services the bidder provides in accordance with the following Commodity code(s) (200, 200-57, and 805). The following link may be accessed to verify if a firm is a Micro/SBE bidder http://www.miamidade.gov/sba/library/certify_all_by_firms.pdf

For contracts valued over \$1 million, an SBE Preference of 5% is applied to a SBEs offer (for the purpose of evaluation ONLY). For contracts valued up to \$1 million, an SBE Preference of 10% is applied (for the purpose of evaluation ONLY). If the SBE is the responsible, responsive low bidder following the evaluation process, the price that the county will pay the awarded firm is the original price offered (excluding the 5% or 10% evaluation factors).

Local preference should be applied in accordance with Section 2-8.5 of the Miami Dade County Code (<http://library.municode.com/index.aspx?clientId=10620&stateId=9&stateName=Florida>) at the time user departments request quotations from the pre-qualified bidders. When a responsive bid from a Miami-Dade local business is within 10% of the lowest price submitted by a responsive non-local business, the local business and the non-local low bidder shall have the opportunity to submit a **best and final (BAFO)** bid equal to or lower than the amount of the low bid previously submitted by the non-local business.

C. Performance Bond (Re: ITB Paragraph 2.13)

Some specific orders will require a performance bond. During the spot market quotation process a user department may request a performance and payment bond in an amount to be determined at the time of the order.

D. Delivery / Pick-up (Re: ITB Paragraph 2.17)

For Group No. 1 all parts purchased herein shall be delivered or ready for pick-up by County Personnel within the calendar days stated in the request for quote.

AWARD SHEET SUPPLEMENT

Contract No. 6819-5/17-2 Pre-Qualification of Bidders for Pumps, Drives, and Motors:

Purchase of New and Rebuilt Units and Parts, and Repair and Maintenance Services

Should the awarded bidder fail to deliver in the number of days stated in its quote, the County may cancel the order and acquire the product through another source of supply and charge the bidder with any re-procurement costs. If the bidder fails to honor these re-procurement costs, the County may terminate its contract with the bidder.

For Groups No. 2 and 3, the completion date for repairs shall not exceed three (3) calendar days after receipt of notice to proceed, unless mutually agreed upon between the bidder and the user department and a written authorization by the user department is provided.

Should the bidder to whom the repair work is awarded fail to complete the work within the number of days stated in the quotation, the County reserves the right to cancel the contract with the bidder and to secure the services through another source of supply to complete the work. If the County exercises this authority the County may at its option request payment from the bidder through invoice or credit memo, for any additional costs over and beyond the original quoted prices, which were incurred by the County as result of having to secure the services elsewhere. If the bidder fails to honor this invoice or credit memo, the County may terminate the contract.
